EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims

Claims 1-5, 11-15, and 21-25 have been cancelled per the applicant election without traverse.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Claims 6-10 and 16-20 are allowed because the prior art does not teach or suggest a method/program for manufacturing an integrated heat spreader (IHS) having the steps of:

generating a finite element model (fig 9) for the package having a substrate connected to a die connected to the IHS connected to a heat sink (fig 1-3, 6-7);

executing the finite element model (fig 9) to generate the IHS with a shape having deformations (deformed IHS in fig 2-3);

altering the shape of the IHS to compensate for the deformations (altered/compensated IHS in fig 5A-B);

executing the finite element model using the IHS having an altered shape to compensate for the deformations (fig 9); and

repeating the altering of the shape of the integrated heat spreader to compensate for the deformations and execution of the finite element model until no further deformations exist (fig 9).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul Dinh whose telephone number is 571-272-1890. The examiner can normally be reached on Monday to Friday from 8:30am to 5:00pm.
